

Risk	Mitigation	Risk Level
Serving hot drinks on the premises poses the risk of harm to customers due to the potential for burns	Ensure that all non-takeout drinks are delivered to tables by wait staff, and that takeout drinks are secured in sealed cups.	5
Staff having to do heavy lifting upon receiving deliveries	Ensure that staff receive adequate manual-handling training to mitigate potential hazards.	2
Handling absurdly large volumes of cash poses the risk of thievery.	Ensure that cash is counted and stored regularly throughout the day, and that monies in the safe are deposited to the bank every evening.	7
Food handling and preparation	Making sure that areas are cleaned regularly and thoroughly to prevent cross-contamination.	1
Fire Risk	Having proper fire-safety equipment near to potential risks, ensuring that signage is visible at all times and that staff are aware of evacuation procedures.	4
